International Training Workshop on Demonstration and Promotion of Vegetables New varieties and Technologies

1. Background

“International Training Workshop on Demonstration and Promotion of Vegetables New varieties and Technologies” is a workshop specially sponsored by the Chinese Government under the Foreign Assistance Program for developing countries. Anhui Jianghuai Horticulture Seeds Co., Ltd is entrusted by the Ministry of Science and Technology of the People’s Republic of China to organize and undertake this workshop for the third time.

Anhui Jianghuai Horticulture Seeds Co., Ltd was identified as "China's seed industry credit rating AAA grade credit enterprise", "Chinese vegetable seed industry credit enterprises", "national high-tech enterprise", and the ‘Anhui Provincial Fruit & Vegetable Seed Engineering R&D Center’. The founder and CEO of JH, Professor DAI Zuyun has been awarded as a provincial academic leader with special allowance from the State Council.

Since its establishment, Anhui Jianghuai Horticulture Seeds Co., Ltd has strengthened its enterprise-spirits of ‘research-orientation, innovation, sustainability and quality’. Its high-quality vegetable seeds have been popular both the national market and international markets. To date, JH vegetable seeds have been planted over 700,000 hectares accumulatively with their potential economic benefits for farmers and growers about 1 billion US dollar.

Anhui province is located in the eastern of China, (from 29°31’ to 34°38’north latitude, from 114°54’ to119°37’ east longitude), covering a total area of 139,400 square kilometers, the total population of 67.82 million. Anhui is located in the transition region of the south warm temperate zone and northern subtropical monsoon climate type, mild and humid climate with four distinct seasons, rich in animals, plants, aquatic products and forest resources. Hefei is the capital of Anhui province. Average temperature is 17 °C～28 °C in May. (You can get the information of Hefei’s climate from http://www.worldweather.org/)

2. Objectives of this training:

This workshop is aimed at training professional and technical personnel on vegetables industry in developing countries, to help developing countries raising the level of new technology industrialization, and increasing farmer’s agricultural income. Especially we hope to improve the trainees’ capacity of seed production, quality control and cultivation skills.

3. Contents and Methods of training workshop:

1) Development of the international Vegetable seed industry
2) China’s Wisdom Agricultural Development
3) Elementary knowledge of vegetable breeding
4) Insights into the control of vegetable pest and disease by transgenic plus RNAi
strategies
5) Key Culture Technologies for Some New Vegetable Varieties production
6) Bacterial Disease on Horticultural Crops
7) High yield cultivation technology
8) Grafting technology
9) Outline of Application of Gene Engineering in Horticultural Breeding
10) Plant Variety Protection
11) Aphid of non-pollution control
12) Laboratory and fieldwork

It consists of three parts: Lecture, Technology Training and Fieldwork, which are given by experts and professors from Anhui Agricultural University, Anhui Academy of Agricultural Sciences, University of Science and Technology of China, Huazhong Agriculture University, Anhui Jianghuai Horticulture Seeds Co., Ltd and other research institutions.

4. Date and Venue:
   Date: 26th May to 14th June, 2015
   Venue: Anhui Jianghuai Horticulture Seeds Co., Ltd
   77 Yangqiao Rd, Shushan Economic Development Zone, Hefei, China

5. Enrollment
   The people from agricultural enterprises and scientific research institutes or related unit of developing countries
   In principles, we will select no more than 4 persons in each country.
   The number of enrollment is 20.

6. Working Language: English

7. Requirements for trainees:
   1) Engineering, technical personnel, researchers, corporate executives and government officials from developing countries;
   2) Age: Not more than 50 years old; (A few can be in 50 to 60 years old)
   3) At least three years of experience of agri-work related to this training;
   4) Be in good health, both physically and mentally, to undergo the training;
   5) Good command of spoken and written English to undertake the course;
   6) In order to share the information and experience, each trainee need to prepare a report that about agricultural development of the trainee’s country;
   7) Not to bring any members of their family;
   8) The trainees should abide by the relevant laws of the People’s Republic of China and observe the Chinese customs and habits during their staying in China;
   9) To observe the rules and regulations of their place of accommodation and not to change accommodation designated by JH;
   10) To return to their home country at the end of the course.

NOTE: The considerable amount of fieldwork entailed by this course may be difficult to pregnant women. Accordingly, as a general rule, pregnancy is regarded as a disqualifying condition for participation.
8. Expenses
1) The expense of round trip should be borne by the trainees;
2) The expenses of tuition, accommodation and local transportation will be borne by the Chinese Government, while we will give 80 yuan pocket money per person per day.

9. Application and Admission
1) Students must be logged Chinese Ministry of Science website (https://168.160.11.33/student_login.aspx), enter the Students center, according to the system indicates fill out the registration information, sample shown in Figure 1, Figure 2. While preparing electronic files uploaded photos, size does not exceed 1M.

2) The applicants should completed online reporting, and send Application Form, Information Form, Recommendation Letter, valid Health Certificate and scan copy of Passport through e-mail (wangwenwen@jhseed.com) no later than 1st April, 2015 to Anhui Jianghuai Horticulture Seeds Co., Ltd;
3) After being approved, Admission Notices and Invitation Letters will be issued to the accepted participants by related government department.
Participants can go through the procedures of entering China with the Admission Notices, Invitation Letters and other documents that are needed.
4) Send report that about Vegetable Industry development of the trainee’s country to wangwenwen@jhseed.com no later than 25th April, 2015.

10. Check in Date and Venue
Check in on 26th or 27th May, 2015 with all the documents such as Admission Notice, Health Certificates Recommendation Letter and other documents that are needed.
Date: 26th or 27th May, 2015
Venue: Hefei Xinqiao International Airport, Hefei, China or Hefei Train Station, Hefei, China
Anhui Jianghuai Horticulture Seeds Co., Ltd will be responsible to pick trainees up from Hefei Xinqiao International Airport and Hefei Train Station.

11. Contact Information
Anhui Jianghuai Horticulture Seeds Co., Ltd in Hefei, Anhui, China
Tel: +86-551-65357211
Fax: +86-551-65321964
E-mail: wangwenwen@jhseed.com; zhangsongying@jhseed.com
Contactor: Wang Wenwen (Crystal)
Note: Please print the Chinese address and contactor in piece and take along with you when you come:

单位：安徽江淮园艺种业股份有限公司
地址：安徽省合肥市蜀山经济开发区仰桥路77号
电话：0551-65357211，65318456
联系人：王雯雯，张松影

12. Schedule
Schedule will give to trainees when they come.

13. Application Form and Information Form
